ALE stocks thousands of the parts you need to keep your beam delivery system maintained and operating at its peak performance. Call today and speak to our knowledgeable representatives about the advantages of partnering with American Laser Enterprises for all of your laser processing component parts needs.

Prices and product availability subject to change without notice. Call for current prices. Not responsible for photographic or typographical errors. American Laser Enterprises, LLC is not liable under any legal theory for consequential or incidental damages arising from shipping delays or expense arising from product malfunction or defect. American Laser Enterprises, LLC warrants mechanical parts against defects in material and workmanship for a period of 30 days from the original invoice ship date. During the warranty period, American Laser Enterprises, LLC, at its option, will either repair or replace mechanical parts that prove to be defective. While our optics are manufactured to the highest quality standards, American Laser Enterprises, LLC does not warrant optics due to their fragile nature. The warranty set forth is exclusive and no other warranty, whether written or oral, is expressed or implied. American Laser Enterprises, LLC specifically disclaims any implied warranties, including any implied fitness for a particular purpose. If items purchased are for the purpose of export, purchaser must obtain from the Federal Government any necessary export documentation before shipping to a foreign country. American Laser Enterprises is in no way affiliated with the companies listed in this catalog. Some parts advertised for sale are not genuine manufacturer replacement parts, but are parts made for and by American Laser Enterprises, LLC. Reference to manufacturer's machines, components and numbers are for your convenience only. We reserve the right to substitute genuine manufacturer parts in place of American Laser Enterprises, LLC parts. Corporate names and trademarks stated herein are the property of their respective companies.

have
you found that not all
cables are created equal?

ALE is proud to announce ArmorDillo™ Sensor Cables. We engineered this line of 100% American-made, outperforming cables to precise standards, so they can keep up with your equipment and your team.

Armordillo™ cables feature:

- Additional Thermal Insulation**, which prevents burn out at the sensor nozzle connector
- Reinforced Connector Collars** to eliminate break points
- Stainless Steel Armor Sheathing** to protect against molten metal
